

2011 WSSHE Annual Conference & Technical Exhibition

“From Seeds of Thought to Fruits of Value”

September 20 - 23, 2011
Yakima Convention Center - Yakima, WA

****WSSHE Other Meetings & Events****

Wednesday, Sept. 21 & Thursday, Sept. 22:

10:00AM – 4:00PM **Ask DOH Construction Review Services**
– Room CR1

Questions about rules and regulations? Got a project you want reviewed? Want to discuss future plans of your facility? Just want to get to know your plan reviewer? Construction Review Services will have a room set aside and timeslots at 30 minute intervals to discuss topics of your choice. Timeslot reservations will be on a first come first service basis, spots will be limited, so you may want to reserve your time now by contacting Marlei Brenna at 360-236-2944.

Application and fee not required for this event.

Wednesday, Sept. 21:

8:45AM – 2:00PM **Spouse Event – Silbury Hill Alpacas Farm, Sunnyside, WA**

Sponsored by: Johnson Controls, Inc.

Your spouse or friend and their children will be picked up by a tour bus and a tour of alpaca facilities, a demonstration of fiber preparation and spinning, and time to visit with their animals (alpacas, horses, donkeys, and llamas). Lunch would be at Bill's Berry Farm and would be a hot dog or chili dog, with chips, a drink, and a donut. Along with lunch, there would be time in the playgrounds for the kids, and a hayride tour of the farm. Apples will be available picked, or for u-pick, at a per pound price for those who are interested. The straw climb or kiddie corn maze would also be possibility given time and interest.

Thursday, Sept. 22:

9:15AM – 1:00PM **Spouse Event – Toppenish Chamber of Commerce & Visitor Information Center**

Sponsored by: Johnson Controls, Inc.

Join us for a trip to Toppenish Chamber of Commerce & Visitor Information Center; lunch at Heritage Inn Restaurant; and a visit to the Yakima Nation Cultural Heritage Center.

Conference Agenda

Tuesday, September 20:

7:00 – 9:00PM **President's Welcoming Reception**
– Room C

Sponsored by: Wood Harbinger, Inc.
Technical exhibitors and family are encouraged to join attendees at this conference kick-off reception including a hosted bar and appetizers.

Wednesday, September 21:

8:00 – 9:00AM **Breakfast Buffet**
– Room C

Sponsored by: Clark // Kjos Architects & Sazan Group

8:00 – 9:30AM **Registration & Beginning of Technical Exhibition**
– Lobby & Rooms D & E

9:30 – 10:00AM **Conference Opening Ceremony**
– Room C

Keith Deline, WSSHE 2011 President

Keith will open the Conference and will provide us with an overview of what's new with WSSHE.

10:00 – 10:30AM **Technical Exhibition & Beverage Break**
– Rooms D & E

Sponsored by: Howard S. Wright Constructors

10:30 – 11:30AM **Keynote: Integrated Delivery Systems – the future of Outpatient Clinics Affiliated with Hospitals**
– Room C

Smokey Stover, MD, MMM, Senior Vice President, Multicare Medical Associates, Tacoma, WA

Dr. Stover will address a key concept of federal health care reform – the issue of coordinated care and integrated delivery systems and how these reforms will impact planning for the future of health care facilities.

11:30 – 1:30PM **Technical Exhibition & Luncheon Buffet**
– Room C

1:30 – 2:30PM **Focus Areas for Joint Commission Environment of Care, Life Safety and Emergency Preparedness Surveys**
– Room C,

Bill Morgan – Engineering Manager, St. Alphonsus Health System, Boise, ID

Bill will share his experience as a Joint Commission Life Safety Surveyor to review the process for Environment of Care, Life Safety and Emergency Management surveys. He will share proven suggestions to improve survey outcomes.

2:30 – 3:00PM **Technical Exhibition & Beverage Break**
-Rooms D & E
Sponsored by: Mannington Commercial

3:00 – 4:00PM **Update on the Guidelines for Health Care Facilities Design & Construction**
– Room C

Chad Beebe, Associate Director for Advocacy
American Society for Health Care Engineering,
Chicago, IL

Interpreting the guidelines can often be complex and confusing. This session will cover the “in’s and out’s” of the regulations used to guide healthcare design and construction in Washington State – the 2010 edition of the Guidelines for Design and Construction of Healthcare Facilities

4:00 – 5:00PM **Technical Exhibition**
- Rooms C, D & E

5:00 – 6:00PM **Taste of Yakima Event Setup in Technical Exhibition**
- Rooms C, D & E

6:00 – 9:00PM **Taste of Yakima with Kara Hesse**
– Rooms D & E

Taste of Yakima Sponsored by: KDF Architecture & JE Dunn Construction

Entertainment Sponsored by: Reliable Electric Inc.

Friends, local foods, international cuisine, eclectic music, drink and trivia fun in the Exhibitor’s Area.

Back by popular demand from the ASHE Annual Conference & inspired by simple truths & conscientious themes, singer-songwriter and multi instrumentalist, Kara Hesse, is a dynamic new artist, with a refreshing sound & a pertinent message. Rooted early on in classic rock, folk, blues, and barbershop, the sounds of Kara’s Midwestern upbringing later collided with her love for jazz, soul, & funk.

Thursday, September 22:

8:00 – 9:00AM **Technical Exhibition & Breakfast Buffet**
– Room C

9:00 – 10:00AM **Joint Commission Expectations for Testing Fire Alarm and Sprinkler Systems - Impairment Process**
– Rooms A & B

Bill Morgan – Engineering Manager, St. Alphonsus Health System, Boise, ID

The Joint Commission is putting more emphasis on review of fire alarm and sprinkler system testing for compliance with NFPA standards. Mr. Morgan will review the requirements for testing and documentation and will share the process for creating interim life safety measures when systems are compromised.

9:00 – 10:00AM **Living Building Challenge – A Case Study from Peace Health San Juan Island Hospital**
– Room F, G & H

Rachel Jenner – Project Manager and Medical Planner, Mahlum Architects, Seattle, WA

What is the Living Building Challenge and how can it be applied to healthcare? The PeaceHealth Peace Island Medical Center, a critical access hospital on San Juan Island, is under construction and striving to advance the boundaries of sustainable healthcare design. Even with amazing ingredients for success the team has faced tough challenges. While the project is smaller than many new facilities, the strategies and tools developed by the team can be leveraged on all projects.

10:00 – 10:30AM **Technical Exhibition & Beverage Break**
– Rooms D & E

Sponsored by: Olympia Sheet Metal, Inc

10:30 – 11:30AM **Managing Noise in the Patient Care Environment**
– Rooms A & B

Basel H. Jurdy – Director of Acoustic Practice, Sparling, Seattle WA

Recent studies have shown that hospital noise negatively impacts patient health and staff comfort. This presentation will discuss how appropriate design can result in a quiet patient care environment and what hospitals have done to supplement design for improved acoustics. Mr. Jurdy will also discuss HIPPA requirements and important design components in protecting privileged information. Actual field data will be used during the discussion.

10:30 – 11:30AM **Strategies for Impactful Presentations**
– Room F, G & H

Pat Hughes, Principal/Author - Trillium Leadership Consulting/ Gracious Space Facilitation

Giving impactful presentations is about perfecting our content, delivery and style, but most of all, being clear about why our presentation is really necessary. Every presentation must have a clear purpose. This workshop will explore the main ingredients of a successful presentation as well as the importance of how you, the presenter, show up. No more death by PowerPoint! Participants will practice a few skills, and will leave with new tools and tricks for turning rudimentary briefings into energetic exchanges.

11:30 – 1:00PM **Technical Exhibition, Lunch & Exhibitor Prize Drawings**
– Rooms C, D & E

1:00PM **Close of Technical Exhibition**

1:00 – 2:00PM **Managing Hot Water Systems to Minimize Legionella Risk – The Sacred Heart Story**
– Room A & B

John Deines - District Account Manager, Nalco Company, Spokane, WA

Traci Hanegan – Principal Mechanical Engineer, Coffman Engineers, Spokane, WA.

Phil Kercher, Manager of Facilities, Sacred Heart Medical Center

In April 2011, Providence Sacred Heart Med. Ctr. identified an “outbreak” of Legionella in their water system. Hear the whole story on “who, what, why” and working as a team with the Department of Health, CDC, water specialists & engineers to address this critical situation. Learn about procedures to lessen the risk at your hospital and the new secondary treatment system installed at SHMC. The proposed new ASHRAE Standard 188P addressing a systematic process to prevent Legionellosis illness will be reviewed.

1:00 – 2:00PM **Benchmarking Metrics Measuring Staff Productivity**
– Room F, G & H

Shari Epstein, Director of Research – International Facility Management Association, Houston, TX

As a Facility Manager you are operating a business within a business. Successful Facility Managers take the work out of converting cost per square feet into cash flow on behalf of senior executives. The results are common sense business decisions that will vastly support your needs with far greater ease while increasing your value as a business partner.

2:00 – 2:30PM **Beverage Break**
– Rooms C

Sponsored by: CCI Automated Technologies

2:30 – 3:30PM **“Cool Projects” Case Studies**
– Rooms A & B

Back by popular demand! Learn from your peers of some of the “cool projects” that have been completed within WA State to benefit health care facilities management.

2:30 – 3:30PM **Updates on ASHRAE Mechanical Ventilation Standards for Hospitals**
– Room F, G & H

Dick Moeller – President, CDi Engineers, Lynnwood, WA

Mr. Moeller has been active on a national level with the development of two mechanical codes that have significant impact on health care design and operation – proposed ASHRAE Standard 189.2P (Design, Construction and Operation of Sustainable Health Care Facilities) and ASHRAE Standard 170 (Ventilation of Health Care Facilities). Learn how these codes will impact you and how that you can participate in the process of code development.

6:00PM **Evening on Your Own**

Friday, September 23:

7:30 – 8:30AM **Breakfast Buffet**
– Room C

8:30 – 9:30AM **Transforming American Healthcare - A Final Frontier**
– Room C

James T. Lussier – President and Founder, The Lussier Center / TLC, Bend, OR

This session will address the many challenges facing how America approaches healthcare, why that approach is not sustainable financially, its resultant impact on Facilities Managers and the technologies and new approaches that would benefit us all as professionals and potential patients.

9:30 – 10:00AM **Beverage Break**
– Room C

Sponsored by: Johnson Barrow

10:00 – 11:00AM **Leadership Secrets of ‘Larry the Cable Guy’**
– Room C

James T. Lussier – President and Founder, The Lussier Center / TLC, Bend, OR

This session will provide a humorous look at our healthcare environment and how we struggle with its leadership pressures. All of us know the principles of motivational leadership, but this session will address working with bosses, peers and subordinates who usually start the day off slow and taper off from there and whose singular hope at the end of their rainbow is your expertise and desire for success. Come learn and laugh about life’s trials and tribulations we all face.

11:00 – 12:00PM **Annual Membership Meeting & Installation of 2012 State Officers**
– Room C

Keith Deline will recap 2011 for WSSHE & pass the baton to incoming WSSHE State President, Ben Myers.

12:00 – 1:00PM **Lunch and Door Prize Giveaway**
– Room C

Phil “Red Shoes” Kercher does the door prize dance! We can only ask – “will he sing this year?”

1:00PM **Conference Adjourns**
